

The IIBA Executive met by Zoom to discuss a number of issues.

As things stand under the latest guidance supplied by the Northern Ireland Executive and the Irish Government it is not possible to recommence short mat bowls.

Before clubs reopen they must comply with the Protocols agreed with either SportNI or Sport Ireland depending on their jurisdiction.

The completion of the 2019/20 National Finals was also discussed but it is not possible to supply any definite dates at this time.

The British Isles Council has recently met and tentative preparations are being made to hold the Championships in England in November.

---

The World Bowls Committee met and elected Mrs. Rachel Hedges as the new Secretary.

Although it is not possible at present to give a timeframe for the recommencement of bowls, the IIBA will update players and clubs of any future developments when the situation arises.
